North Main Street in Kingman to get new seal coat

North Main Street in the City of Kingman will receive a new seal coat next week as part of regular county road maintenance.

The seal coat will be applied between Grant Street and the north entrance of the Kingman High School parking lot. The work is scheduled to begin at 7:30 a.m. Tuesday, June 16. All parked vehicles must be off Main Street prior to that start time. Work will continue until 6 p.m. and is estimated to take three days.

Affected property owners will receive a flyer with additional information. One lane will be done each day, with one lane of traffic in both directions open each day. Drivers are encouraged to avoid the construction area if possible. The contractor for the project is South Central Sealing & Paving.

The parking lot east of the Kingman County Courthouse also will receive a new seal coat. That work is scheduled to be done on June 20.
